## Course summary

The induction course for new OU students, covering the essentials for starting your undergraduate studies.

## Learning outcomes

By completing this course, the learner should be able to:

- understand how distance study at The Open University (OU) works and what to expect when you start
- know where to get help and support for your study
- recognise the benefits and potential challenges of OU study and consider the skills, technology, time and study space you will need to succeed
- explore opportunities for becoming part of the OU community.

### Completed study

The learner has completed the following:

**Session 1**

Session 1: What's OU study all about?

**Session 2**

Session 2: Where do I find everything?

**Session 3**

Session 3: How will I get support?

**Session 4**

Session 4: How will I learn?

**Session 5**

Session 5: How can I be a successful student?

**Session 6**

Session 6: What do I need to do before I start studying?
